PART I: SECTION A (25 Marks — Choose Question 1 OR Question 2)

Structure: (a) [5 marks] Rapid 5-Item List + (b) [10 marks] AO1 Explanation + (c) [10 marks] AO2 Evaluation / Comparison

PRIORITY 1 (SECTION A): UNIT 2.2 — FAMILY LIFE (TALAQ, INHERITANCE & NIKAH)

*(Applied Across **Hanafi**, **Shafi'i**, and **Ja'fari Twelver Shi'i** Schools)*

[KEY] Instant 5/5 Rapid Bank for 1(a) / 2(a) Questions on Unit 2.2:

- **6 Conditions/Steps of Valid Divorce (*Talaq*):** (1) Prior reconciliation & two family arbitrators (**Qur'an 4:35**); (2) Sane, adult husband with conscious intent; (3)

Single pronouncement during post-menstrual purity (*tuhr*) without intercourse (**Qur'an 65:1**); (4) Mandatory three-cycle waiting period (*'iddah*, **Qur'an 2:228**) funded in the marital home; (5) Two upright male witnesses required in **Ja'fari Shi'i** law; (6) Wife's right to seek *khul'* (**Qur'an 2:229**) or judicial *faskh*.

- **6 Women Forbidden for Marriage (*Mahram*,** Qur'an 4:23**):** (1) Mothers & grandmothers; (2) Daughters & granddaughters; (3) Sisters (full, paternal, or maternal); (4) Paternal & maternal aunts (*'ammah / khalah*); (5) Nieces; (6) Mothers-in-law, step-daughters (if marriage consummated), daughters-in-law, foster-mothers/sisters through breastfeeding (*rada'ah*), and two sisters simultaneously.
- **6 Female Family Heirs Protected by *Shariah* (**Qur'an 4:11–12**):** (1) Wife (**1/4** without children, **1/8** with children); (2) Daughter (**1/2** if sole child, **2/3** shared by 2+ daughters, or **1:2** with brother); (3) Mother (**1/3** without children/siblings, **1/6** with children); (4) Maternal sister (**1/6** sole, **1/3** shared equally with maternal brother); (5) Full sister (**1/2** if deceased has no child/father); (6) Son's daughter (*bint al-ibn*) in Sunni *fiqh*.

1.1 Conditions for Divorce (Talaq, Khul', Faskh & 'Iddah) — #1 UNTESTED GAP IN SECTION A!

- **Core Moral Principle (**AO1**):** Marriage is a solemn covenant (*mithaqan ghalizan*, **Qur'an 4:21**); divorce is permitted only as a reluctant last remedy when reconciliation fails (*"Of all lawful things, divorce is the most disliked by Allah"* — Abu Dawud). **Qur'an 4:35** requires appointing one arbiter from his family and one from hers first, and **Qur'an 2:229** commands: *"Either retain in kindness or release in kindness."*
- **Three Modes of Dissolving Marriage:**
  1. ***Talaq*** (Husband-pronounced divorce): Revocable (*raj'i*) for the first two single pronouncements; wife stays in home with full *nafaqah* during *'iddah* (**3 menstrual/purity cycles**, **Q 2:228**; **3 lunar months** if non-menstruating, **Q 65:4**; **until childbirth** if pregnant, **Q 65:4**).
  2. ***Khul'*** (Wife-initiated release by mutual consent / *qadi*, **Q 2:229**): Wife returns part/all of her *mahr* (modelled on Thabit ibn Qays's wife returning her garden — Bukhari); immediately creates a minor irrevocable divorce (*ba'in*).
  3. ***Faskh / Tafriq*** (Judicial annulment by a *Qadi*): Granted for cruelty, abandonment, non-maintenance, impotence, or apostasy—**wife keeps 100% of her *mahr***! Women can also stipulate **delegated divorce rights (*talaq al-tafwid*)** inside the marriage contract (*nikahnama*).

- **Crucial Two-School Comparison (**Hanafi **vs** Shafi'i **vs** Ja'fari Twelver Shi'i**):**
  - **Pronouncement in Anger / Intoxication & Triple *Talaq* in One Sitting:** Classical **Hanafi** & **Shafi'i** schools count triple *talaq* in one breath as **legally effective (**3 **divorces — major irrevocable *ba'in kubra*,** Q 2:230**)** even though sinful (*talaq bid'i*), and Hanafi counts coerced/intoxicated pronouncements; **Ibn Taymiyyah**, **Salafi scholars**, and modern Muslim family laws count triple *talaq* in one sitting as **ONE single revocable divorce**; **Ja'fari Shi'i** law **strictly invalidates** any divorce spoken in extreme anger, intoxication, coercion, during menstruation, OR without **two just witnesses (**Q 65:2**)** hearing the exact Arabic formula (*"Anti taliq"*), counting triple *talaq* in one sitting as invalid or single!

1.2 Female Inheritance Shares Across Two Schools — 3.5 Years Overdue (M/J 2023)!

- **Core Qur'anic Revolution (**Qur'an 4:7, 4:11–12**):** Ended pre-Islamic *Jahiliyyah* exclusion of women; female shares are owned **100% individually** by the woman with zero obligation to spend a penny on household maintenance!
- **Why Daughter Gets Half Her Brother's Share (**Q 4:11**): Asymmetrical financial obligations** — the brother carries 100% legal duty (*nafaqah*) for *mahr*, housing, food, and healthcare for wife, children, mother, and unmarried sisters, often leaving the sister **higher net disposable wealth**! *(Plus in several cases—mother **1/6 =** father **1/6** when deceased leaves children, and maternal siblings **Q 4:12**—women inherit **strictly equal** shares to men!)*
- **Killer Two-School Contrast (**Sunni [Hanafi/Shafi'i] **vs** Ja'fari Twelver Shi'i**):**
  - Suppose a deceased father leaves **NO son**, only **one daughter** and a distant **male paternal uncle / brother (*'asabah*)**:
  - **Sunni (*Hanafi / Shafi'i*):** Daughter takes fixed **1/2**, and the remaining **1/2** goes to the male agnate uncle/brother (*'asabah*)**!**
  - **Twelver Shi'i (*Ja'fari*):** Rejects distant agnate priority — **blood proximity rules**, so the **daughter inherits** 100% **of her father's entire estate** (**1/2** fixed + **1/2** return *radd*), excluding the uncle completely! *(Conversely, Ja'fari denies childless widows inheritance from land itself—paying value of buildings/trees only—whereas Sunni wives take full **1/4** of everything!)*

1.3 Spouse Choice, Prohibited Partners (Q 4:23) & Interfaith Nikah (Quick Reference)

- **Free Consent:** Both bride and groom must consent freely (*"A virgin should not be married without her permission"* — Bukhari). **Hanafi:** Adult sane woman may contract her own *nikah* without a male guardian (*wali*), though *kafa'ah* (compatibility) applies. **Shafi'i / Maliki / Hanbali:** A *wali* (father/qadi) is a required pillar of valid *nikah*, alongside offer/acceptance (*ijab/qabul*), *mahr* (**Q 4:4**), and **2 witnesses** (Sunni requires 2 witnesses at *nikah*; Twelver Shi'i recommends at *nikah* and requires at *talaq*!).
- **Interfaith *Nikah* (**Q 2:221 **& **Q 5:5**):** Polytheists forbidden for all (**Q 2:221**). Muslim men may marry chaste women of the People of the Book (*Kitabiyyah* — Jewish/Christian, **Q 5:5**) in **Sunni** *fiqh* (with **Shafi'i** strictly checking family lineage to pre-Qur'anic scripture; **Twelver Shi'i** restricts permanent *nikah* with *Kitabiyyah* according to many classical jurists while permitting fixed-term marriage *mut'ah*, which Sunnis unanimously prohibit since Khaybar!). Traditional consensus prohibits Muslim women marrying non-Muslim men (**Q 60:10**, protecting her religious freedom and children's faith), though a few modern reformists debate civil realities in secular states.

PRIORITY 2 (SECTION A): UNIT 2.1 — DAILY PRAYER (JAM', TIMINGS & WUDU)

[KEY] Instant 5/5 Rapid Bank for 1(a) / 2(a) Questions on Unit 2.1:

- **6 Situations Where Prayers Are Combined (*Jam'*), Shortened (*Qasr*), or Adapted:** (1) Long-distance travel (*safar* — shortening 4-*rak'ah* prayers to 2 and combining **Zuhr+'Asr** / **Maghrib+'Isha**); (2) Pilgrimage at **'Arafat** (*Jam' Taqdim*: **Zuhr+'Asr**) and **Muzdalifah** (*Jam' Ta'khir*: **Maghrib+'Isha**); (3) Severe illness or hospital surgery; (4) Heavy rain, snow, flooding, or mud preventing travel to mosque; (5) Fear/danger or extreme hardship (*Ibn 'Abbas* Hadith in Muslim); (6) Daily routine combining permitted unconditionally in **Twelver Shi'i** practice.
- **6 Actions Performed in Ritual Ablution (*Wudu*,** Qur'an 5:6**):** (1) Sincere intention (*niyyah*) + *Bismillah*; (2) Washing hands to wrists (**3x**); (3) Rinsing mouth & nose (**3x**); (4) Washing full face (**3x**); (5) Washing right then left forearm including elbows (**3x**); (6) Wiping wet hands over head (*masah*) + washing both feet up to ankles (**3x**, Sunni) / wiping bare feet (*Shi'i*).

2.1 Combining Prayers (Jam') & Exact Timings of Fajr, 'Asr & Maghrib — #2 UNTESTED LIVE EXAM GAP!

- **Conditions for Combining Prayers (*Jam' Bayn al-Salatayn*) Across Schools (**Unit 2.1 **Bullet 2!):**

- *Fajr* is **NEVER combined** with any other prayer in any school! Only **Zuhr + 'Asr** and **Maghrib + 'Isha** can ever be combined.
- **Shafi'i, Maliki & Hanbali (Sunni Majority):** Permit combining (**Jam' Taqdim** early or **Jam' Ta'khir** late) during **valid travel (*safar*, ~80 km)**, **Hajj (**'Arafat **&** Muzdalifah**)**, **heavy rain/storms**, and **serious illness** (Hanbali even extends to nursing mothers or surgeons unable to leave theater).
- **Hanafi (Strictest Sunni School):** Rejects true combining even during normal travel! Only permits true combining on **Hajj at 'Arafat (**Zuhr+'Asr**) and Muzdalifah (**Maghrib+'Isha**)**; on other journeys, a Hanafi prays the first prayer right at the **end** of its window and the second right at the **beginning** of its window (*apparent combining, jam' suri*)!
- **Ja'fari Twelver Shi'i:** Permits combining **Zuhr + 'Asr** and **Maghrib + 'Isha** every single day without needing travel or rain**, citing** Qur'an 17:78 **(identifying** three **primary daily time-zones: dawn, post-zenith, and dusk) and the famous** Sahih Muslim Hadith of Ibn 'Abbas**: *"The Prophet combined Zuhr and 'Asr, and Maghrib and 'Isha in Medina without fear and without rain"* — argued to remove hardship from working Muslims! *(Though praying separately at prime times** *fadilah* ***remains meritorious even in Shi'i fiqh!)***

- **Exact School Differences on *Fajr*, *'Asr*, and *Maghrib* Timings (**Unit 2.1 **Bullet 1!):**

1. ***Fajr* (Dawn — 2 *rak'ahs*):** Begins at **true dawn (*al-fajr al-sadiq*)**, when white horizontal light spreads across the horizon (**Qur'an 2:187**), ending strictly at sunrise. **Shafi'i** recommends praying *Fajr* early in darkness (*ghalas*); **Hanafi** prefers praying slightly later when light brightens (*isfar*) for larger congregation.
2. ***'Asr* (Afternoon — 4 *rak'ahs*) — BIGGEST SUNNI TIMING SPLIT:**

- **Shafi'i, Maliki, Hanbali & Ja'fari:** Begins when an object's shadow equals **1x** its own length **(plus noon zenith shadow).**
- **Hanafi (*Abu Hanifa*):** Begins substantially later—only when an object's shadow reaches **2x** its own length **(**45–60 minutes **later than Shafi'i!).**

3. ***Maghrib* (Sunset — 3 *rak'ahs*) — KEY SUNNI VS SHI'I SPLIT:**

- **All Sunni Schools (**Hanafi, Shafi'i**):** Begins **immediately** once the sun's disc disappears completely below the horizon.
- **Ja'fari Twelver Shi'i:** Begins ~**12–15 minutes** later, only when the **eastern redness in the sky (*humrah mashriqiyyah*) fades overhead**, affecting both *Maghrib* prayer AND **Ramadan *iftar* fast-breaking**!

2.2 Opinions on Ritual Purification (Wudu) Across Two Schools — 4.5 Years Overdue (M/J 2022)!

- **Foundation (**Qur'an 5:6**):** Commands washing face, hands/forearms to elbows, wiping head, and washing/wiping feet up to ankles; if sick or lacking water, perform **dry ablution (*tayammum*)** using clean earth/dust on face and hands.
- **Sharp Two-School Differences (**Hanafi **vs** Shafi'i **vs** Ja'fari**):**
  1. **Intention (*Niyyah*) & Strict Sequence (*Tartib*): Fard (obligatory)** in **Shafi'i** & **Ja'fari** (out-of-order invalidates *wudu*); **Sunnah (recommended)** in **Hanafi** (washing out of order or falling into a river still purifies!).
  2. **Amount of Head Wiped: Shafi'i** = even a few hairs suffices; **Hanafi** = **1/4** of head**;** Maliki **=** whole head**.**
  3. **Feet:** All **Sunni** schools wash bare feet (**3x**) AND allow wiping over leather/thick socks (*khuffayn*) for 24h resident / 72h traveller; **Ja'fari Shi'i** strictly **wipes bare feet** with remaining moisture (reading **Q 5:6** case ending as *bi-ru'usikum wa arjulikum*) and rejects wiping socks!
  4. **What Breaks *Wudu*:**
  - **Bleeding / heavy vomiting: Breaks *wudu* in Hanafi**, does **NOT** break *wudu* in **Shafi'i**!
  - **Skin-to-skin touch between unrelated/married man & woman: Breaks *wudu* immediately in Shafi'i** (**Q 5:6** *"touched women"*), does **NOT** break *wudu* in **Hanafi** unless accompanied by extreme arousal (interpreting *"touch"* metaphorically as intercourse)!

*(Brief Safety Note on **Places of Prayer [s24]** & **Jumu'ah [s26 COLD]**: Clean place* taharah *free from impurities/graveyards/toilets/slaughterhouses since* "the whole earth has been made a mosque" *[Bukhari], facing Qiblah; **Jumu'ah** requires congregation, 2 Arabic* khutbahs *before **2 rak'ahs**, obligatory on adult free healthy resident males **Q 62:9**, optional for women/travellers/sick).*

PRIORITY 3 (SECTION A): UNIT 2.3 — FINANCE, DEBT, RIBA & EMPLOYMENT

[KEY] Instant 5/5 Rapid Bank for 1(a) / 2(a) Questions on Unit 2.3:

- **6 Principles of Lawful Employment:** (1) Clear mutual contract stating duties & hours; (2) Fair agreed wage paid promptly (*"Give the worker his wages before his sweat dries"* — Ibn Majah); (3) Safe humane working conditions without exploitation; (4) Work itself must be *halal* (avoiding *riba*, alcohol, gambling, pork,

fraud); (5) Honest diligence by employee (**Q 83:1–3**); (6) Reasonable accommodation for *Salah*, *Jumu'ah*, and *Ramadan*.

- **6 Modern Examples of *Riba* / Forbidden Finance:** (1) Conventional interest-bearing home mortgages; (2) Credit card overdue interest charges; (3) High-interest payday loans; (4) Conventional interest savings accounts/bonds; (5) Delayed debt penalty surcharges (*riba al-nasi'ah*); (6) Unequal spot exchange of gold/silver/staple commodities (*riba al-fadl*) & excessive speculative uncertainty (*gharar* / gambling *maysir*, **Q 5:90**).

3.1 Employment in Different Local Contexts (O/N 2021 — 5 FULL YEARS OVERDUE!)

- **Scriptural Ethics:** Work is honoured as worship when honest (Prophets Dawud worked iron, Musa tended flocks, Muhammad (PBUH) traded honestly as *al-Amin* with Khadijah). **Qur'an 4:29** bans consuming wealth unjustly; **Hadith Qudsi [Bukhari]** warns Allah personally opposes on Judgment Day *"a man who employs a labourer, takes full work from him, and does not pay his wage."*
- **Navigating Diverse Local Contexts (Muslim-Majority vs Non-Muslim / Secular Economies):**
  - **Strict View (*Hanbali / Salafi* & Classical Jurists):** Cites Hadith cursing **ten groups around alcohol** (producer, carrier, seller, pourer, buyer — Tirmidhi) to forbid even **indirect jobs** such as stacking pork/alcohol shelves in a Western supermarket, driving delivery trucks containing beer, or IT/accounting inside a conventional bank.
  - **Contextual / Pragmatic View (*Hanafi* distinction + Modern *Fiqh* Councils e.g. *European Council for Fatwa & Research / Yusuf al-Qaradawi*): Abu Hanifa** historically distinguished direct sin from general mixed transactions outside *Dar al-Islam*; contemporary jurists allow Muslims in minority countries to hold general retail/hospitality/tech jobs where *haram* items are incidental while actively seeking pure *halal* work, upholding local employment contracts (*"Muslims are bound by their conditions"*), and negotiating prayer breaks courteously.

3.2 Debt, Usury/Interest (Riba) & Modern Mortgages (O/N 2023 — 3 YEARS OVERDUE!)

- **Qur'anic Prohibition of *Riba* (**Qur'an 2:275–280**,** 3:130**):** Strongest warning in the entire *Qur'an*—notice of **war from Allah and His Messenger** (**Q 2:279**) because *riba* transfers guaranteed wealth to the rich while crushing the poor in risk, violating brotherhood and justice! Conversely, **Qur'an 2:282** commands

putting all future debts in **written contracts witnessed by two witnesses**, and **Qur'an 2:280** urges **granting extra time or forgiving debt as charity** if a debtor is in hardship!

- **Three Halal Islamic Banking Alternatives to Mortgages:**
  1. ***Murabaha* (Cost-Plus Sale):** Bank buys house for **$200k** and sells it to client at fixed agreed **$260k** paid in fixed instalments (true trade **Q 2:275**: *"Allah permitted trade and forbade riba"*).
  2. ***Musharaka Mutanaqisa* (Diminishing Partnership) + *Ijara* (Lease):** Bank and buyer co-own property; buyer pays fair rent on bank's share while gradually buying out equity until owning **100%**.
  3. ***Qard Hasan*:** Zero-interest benevolent loan!
- **AO2 Debate on Conventional Mortgages in the West:**
  - **Strict Majority:** Conventional mortgages are pure *riba* (**haram**); renting is completely lawful so there is no life-threatening *darurah*; critics also debate whether some Islamic mortgages merely mimic interest rates in disguise.
  - **Minority / Contextual Fatwa (*Yusuf al-Qaradawi, ECFR*, & *Hanafi* overseas rule):** Permits **one primary family residence mortgage** (never investment properties!) **ONLY when zero halal Islamic mortgage exists locally**, invoking *hajah / darurah* (shelter security so families don't bleed wealth into lifelong rent) and *al-Ghazali's maqasid* protection of family and wealth (**hifz al-mal**).

PRIORITY 4 (SECTION A): UNITS 2.4 & 2.5 — FIQH SCHOOLS & SOURCES OF SHARIAH

[KEY] Instant 5/5 Rapid Bank for 1(a) / 2(a) Questions on Units 2.4–2.5:

- **5 Major Schools of Jurisprudence (*Fiqh*):** (1) **Hanafi** (*Imam Abu Hanifa*, d. 767, Iraq — largest Sunni school, *qiyas* & *istihsan*); (2) **Maliki** (*Imam Malik ibn Anas*, d. 795, Medina — *Al-Muwatta* & *'amal ahl al-Madinah*); (3) **Shafi'i** (*Imam al-Shafi'i*, d. 820 — *Al-Risala*, strict *Qur'an* + *Sahih Sunnah* + *Ijma'* + *Qiyas*); (4) **Hanbali** (*Imam Ahmad ibn Hanbal*, d. 855 — *Musnad*, strictest textualist); (5) **Ja'fari** (*Imam Ja'far al-Sadiq*, d. 765 — Twelver Shi'i school: *Qur'an* + *Sunnah via Infallible Imams* + *Ijma'* + *'Aql*).
- **5 Secondary Sources / Criteria for Hadith:**
  - *Secondary sources:* (1) Scholarly consensus (*ijma'*); (2) Analogical deduction (*qiyas* — Sunni); (3) Reason/intellect (*'aql* — Shi'i); (4) Local custom (*'urf*); (5)

Habits of the People of Medina (*'amal ahl al-Madinah*) or *Sahaba* / juristic preference (*istihsan*) / public interest (*maslahah*).

- *Hadith classification:* (1) Chain of transmitters (*isnad*); (2) Text content (*matn*); (3) Narrator uprightness (*'adalah*) & exact memory (*dabt*); (4) *Sahih* (authentic) & *Hasan* (good); (5) *Da'if* (weak) & *Mawdu'* (fabricated).

4.1 Primary Sources (Qur'an & Sunnah) + Strong (Sahih) vs Weak (Da'if) Hadith (O/N 2023 — 3 YEARS OVERDUE!)

- **Partnership of *Qur'an* & *Sunnah*:** The *Qur'an* is Allah's verbatim, unalterable revelation and supreme source (**Q 15:9**); the *Sunnah* (preserved in Hadith—e.g. Sunni *Kutub al-Sittah* led by **Bukhari** & **Muslim**, and Shi'i *Four Books* led by **al-Kafi**) **explains, specifies, and models** general *Qur'anic* commands (**Q 16:44**, **Q 59:7** — e.g. how to perform *Salah* and calculate **2.5%** *Zakat*).
- **How Schools Treat *Sahih* vs *Da'if* Hadith:**
  - ***Sahih* (Authentic — unbroken chain of pious, accurate narrators with no hidden defect or contradiction of Qur'an):** Binding legal proof across all schools! **Imam al-Shafi'i** in *Al-Risala* established authenticated Prophetic *Sunnah* as indisputable revelation alongside the *Qur'an*. **Ja'fari Shi'as** require transmission through the **infallible *Ahl al-Bayt* Imams** rather than Companions who opposed *'Ali*.
  - ***Da'if* (Weak — gap in chain or narrator memory weakness, NOT fabricated *mawdu'*):**
  - **Strict Rejection (*Imam Muslim*, *Ibn Hazm*, modern *Salafi* Hadith scholars like *al-Albani*):** Never act on *da'if* Hadith when *Qur'an* and thousands of *sahih* Hadiths suffice completely!
  - **Qualified Sunni Acceptance: Imam Ahmad ibn Hanbal** & **Abu Dawud** preferred a mildly weak Prophetic report over pure human personal opinion (*ra'y*) where no other text existed; **Imam al-Nawawi / Ibn Hajar** permitted *da'if* ONLY to inspire **virtuous already-established good deeds (*fada'il al-a'mal*)**, **NEVER** to establish *halal/haram* or creed (*'aqidah*), and only while disclosing its weakness.

4.2 Direct Comparison of Two Schools of Fiqh (Hanafi vs Shafi'i OR Sunni vs Ja'fari) — 3.5 Years Overdue (M/J 2023)!

- **Shared Core (Similarities):** Every orthodox school shares **90%+** of foundational *shariah*—treating the *Qur'an* and Prophetic *Sunnah* as supreme primary authorities, upholding the Five Pillars, core *halal/haram*, and sincere *ijtihad* (*"If a mujtahid strives and gets it right he gets two rewards; if mistaken, one reward"* —

Bukhari).

- **Sharp Methodological Contrast (**Differences**):**
  1. **Hanafi vs Shafi'i: Abu Hanifa** wrote in urban cosmopolitan Kufa (*ahl al-ra'y*), making extensive use of **analogical deduction (*qiyas*)**, **juristic preference (*istihsan* — setting aside rigid analogy to avoid hardship)**, and **local custom (*'urf*)**, while scrutinising solitary (*ahad*) Hadiths against wider *Qur'anic* principles; **al-Shafi'i** (*Al-Risala*) synthesised Kufa and Medina, insisting every legal ruling tie strictly to *Qur'an*, authenticated *Sahih Sunnah*, universal *Ijma'*, or disciplined *Qiyas*, rejecting loose *istihsan* (*"Whoever uses istihsan legislates for himself"*).
  2. **Sunni Schools vs Ja'fari Twelver Shi'i:** Sunnis close divine guidance at Muhammad's death and rely on *Sahaba* Hadith + *Qiyas*; **Ja'fari** includes the teachings of the **12 Infallible Imams** inside the *Sunnah*, **rejects *Qiyas*** as uncertain guesswork (following **Imam Ja'far al-Sadiq**), replaces it with **structured human intellect (*'aql*: *"Whatever reason judges, shariah judges"*)**, and requires **living ongoing *ijtihad* under a senior *Marja'* (*Ayatollah*)** whom lay believers follow (*taqlid*).

PART II: SECTION B (25 Marks — Choose Question 3 OR Question 4)

Structure: (a) [10 marks] AO1 Explanation + (b) [15 marks] AO2 Evaluation / Comparison Essay

PRIORITY 5 (SECTION B): UNIT 2.9 — DISTINCTIVE POSITIONS IN ISLAMIC THOUGHT

(COMPLETE OFFICIAL NOTES FILLING ALL MISSING 2.9 SYLLABUS PDFs!)

5.1 Modern Salafi vs Modernist / Reformist Positions — #1 UNTESTED SECTION B PREDICTION!

- **Modern *Salafi* Position (**Unit 2.9 **Bullet 4):**
  - **Key Thinkers:** Rooted in **Taqi al-Din Ibn Taymiyyah** (d. 1328) & his student **Ibn Qayyim**, 18th-century reformer **Muhammad ibn 'Abd al-Wahhab** (d. 1792), and modern Hadith scholars such as **Nasir al-Din al-Albani** & **Ibn Baz**.
  - **Core Doctrines:** Name comes from ***al-Salaf al-Salih*** (*"the Pious Predecessors"* — first **three generations**: *Sahaba*, *Tabi'un*, *Tabi' al-Tabi'in*, praised by the Prophet in **Bukhari**: *"The best of people is my generation, then those who follow*

them, then those who follow them").

- **Methodology:**

1. **Strict *Tawhid* (**Tawhid al-Uluhiyyah **— worship directed solely to Allah):** Fiercely purges all religious innovations (*bid'ah*: *"Every innovation is misguidance"* — Muslim), condemning shrine/grave veneration, saint intercession, amulets, and *Mawlid* celebrations.
2. **Direct Return to *Qur'an* & *Sahih Sunnah*:** Rejects blind imitation (*taqlid*) of a single medieval *madhhab* whenever an authentic Hadith proves otherwise.
3. **Literal Textual Fidelity:** Affirms divine attributes in the *Qur'an* literally as revealed without asking how or comparing God to creation (*bila kayf wa bila tashbih*), resisting rationalist/modernist reinterpretation.

- **Modernist / Reformist Position (**Unit 2.9 **Bullet 4):**
  - **Key Thinkers: Sir Sayyid Ahmad Khan** (1817–1898, India, founder of Aligarh), **Jamal al-Din al-Afghani**, **Muhammad 'Abduh** (1849–1905, Grand Mufti of Egypt), **Muhammad Iqbal**, **Fazlur Rahman** (1919–1988, *Double Movement Theory*), **Amina Wadud / Fatima Mernissi** (gender hermeneutics), & **Tariq Ramadan**.
  - **Methodology:**

1. **Harmony of Reason (*'Aql*) & Revelation (*Wahy*): Muhammad 'Abduh** taught work of God (*nature/science*) cannot contradict Word of God (*Qur'an*); **Sir Sayyid Ahmad Khan** interpreted miracles & supernatural imagery metaphorically in line with natural law.
2. **Contextualising *Mu'amalat* via *Maqasid al-Shariah*: Fazlur Rahman's Double Movement** extracts the timeless ethical principle (*justice, equality, compassion*) behind 7th-century Medinan rulings (e.g. restricting polygyny toward monogamy **Q 4:3 + 4:129**, rethinking *riba* vs regulated banking, championing women's leadership, democracy, and universal human rights).

- **Direct** D-S-D-J **Comparison Summary (Ready for** 15/15**!):**
  - **Similarities:** Both reject medieval stagnation (*taqlid*), both attack folk superstitions/shrine worship, both call for fresh *ijtihad* directly from the *Qur'an*, and both are modern revivalist responses to Muslim decline!
  - **Differences:** Opposite directions! **Salafis** read texts **literally** and pull modern life **back** to match 7th-century *Salaf* practice; **Modernists** read social texts **contextually/metaphorically** via **reason (*'aql*)** to carry *Qur'anic* moral ideals **forward** into modernity!

5.2 Sunni vs Twelver Shi'i Core Positions (Unit 2.9 Bullet 1)

- **Foundational Unity (**Similarities**):** One God (*Tawhid*), exact same **114-Surah Arabic *Qur'an***, Finality of **Prophet Muhammad (*Khatam al-Nabiyyin*,** Q 33:40**)**, core Five Pillars (as *Usul al-Din / Furu' al-Din*), Day of Judgment, and deep love for the Prophet's household (*Ahl al-Bayt*).
- **Distinctive Divergences (**Differences**):**
  1. **Leadership after the Prophet's Death (**632 CE**): Sunnis** (**~85–90%**) hold the Prophet left succession to community consultation (*shura*), recognizing the **Four Rightly-Guided Caliphs** (**Abu Bakr, 'Umar, 'Uthman, 'Ali**) as fallible political/religious stewards; **Twelver Shi'as** hold Allah and the Prophet explicitly designated **'Ali ibn Abi Talib** at **Ghadir Khumm** (*"Whosoever's Mawla I am, 'Ali is his Mawla"*), establishing a line of **12 divinely guided, sinless/infallible (*ma'sum*) Imams** (*Imamah* is a core pillar of faith!).
  2. **Theology & Law:** Shi'i *Usul al-Din* elevates **Divine Justice (*'Adl*)** and **Imamah** alongside *Tawhid, Nubuwwah, Ma'ad* (aligning closer to rationalist *'aql* and rejecting fatalism via *"a matter between two matters"*); ritual nuances include optional **"'Ali Waliyullah"** in *Adhan/Shahadah*, prostrating on natural clay tablet from Karbala (*turbah*), daily prayer combining, *Khums* (**20%** tax), and mourning **Ashura** martyrdom of **Imam Husayn at Karbala (**680 CE**)**.

5.3 Mystical Sufism & Tariqa Orders + Mu'tazilah vs al-Ash'ari (Unit 2.9 Bullets 2 & 3 — Concise Refresher)

- **Mystical Sufism (*Tasawwuf*):** Focuses on **ihsan** (*"worshipping Allah as though you see Him"* — Jibril Hadith), inner purification of the ego (*nafs*), selfless divine love (**Rabi'a al-'Adawiyya**: loving God for Himself alone, not fear of Hell or greed for Heaven), poetic union (**Jalal al-Din Rumi**, **Ibn 'Arabi**), and **Imam al-Ghazali's** synthesis uniting outer *shariah* compliance with inner spiritual sincerity. Organised into brotherhoods (*tariqas — Qadiriyyah, Naqshbandiyyah, Mevlevi, Chishtiyyah*) practising rhythmic remembrance (*dhikr*, **Qur'an 13:28**: *"Verily in the remembrance of Allah do hearts find rest"*), spiritual retreats, and ascending spiritual stations (*maqamat*: *tawbah* repentance -> *zuhd* detachment -> *sabr* patience -> *tawakkul* trust -> *rida* contentment -> *fana* passing away of self-will into awareness of God, **Q 50:16** *"closer than his jugular vein"*). *(Critiqued by **Salafis** where extreme shrines, music* sama', *or ecstatic claims like **Mansur al-Hallaj's "Ana al-Haqq"** ["I am the Truth", executed 922 CE] risk* bid'ah *or* shirk*).*
- ***Mu'tazilah* vs *al-Ash'ari (Tested** M/J 2026 **— quick safety check only)*: Mu'tazilah** (*Wasil ibn 'Ata*, 5 Principles: strict abstract *Tawhid* denying separate eternal

attributes + **uncreated *Qur'an* denied [argued *Qur'an* is CREATED]**, absolute **Divine Justice [*'Adl*]** requiring total **human free will**, metaphorical anthropomorphism) **VS Abu al-Hasan al-Ash'ari** (Sunni synthesis: **uncreated eternal *Qur'an***, real eternal attributes accepted ***bila kayf***, God creates acts while humans acquire moral responsibility via ***kasb***, and Allah's mercy/intercession can forgive sinners).

PRIORITY 6 (SECTION B): UNIT 2.7 — RELIGIOUS LEADERS IN ISLAM

*(Sunni Caliph • Infallible Shi'i Imam • Sufi Master **Murshid** • Individual Interpretation **Ijtihad**)*

6.1 Role of the Sufi Master (Murshid / Shaykh), Allegiance (Bay'ah) & Dhikr — NEVER TESTED IN LIVE EXAMS!

- **Spiritual Role:** Inside a Sufi order (*tariqa*), a **Murshid** (also called *Shaykh* or *Pir*) is a spiritually accomplished teacher whose unbroken chain of spiritual transmission (*silsilah*) traces all the way back through masters to **'Ali ibn Abi Talib** or **Abu Bakr** and **Prophet Muhammad (PBUH)**.
- **Pledge of Allegiance (*Bay'ah*) & Guidance:**
  1. A seeker (*murid*) voluntarily pledges spiritual allegiance (*bay'ah*, referencing **Qur'an 48:10** — the Companions' pledge under the tree at Hudaybiyyah) to submit their ego (*nafs*) to disciplined spiritual training (*"He who has no shaykh has Satan as his shaykh"* — classical Sufi maxim).
  2. The *murshid* functions as a **"physician of the soul"**: diagnosing spiritual diseases (arrogance, envy, materialism), prescribing personalised daily litanies (*wird*) and communal **remembrance of God (*dhikr*)**, interpreting dreams/states (*ahwal*), and guiding the disciple safely through spiritual stations without falling into delusion or heterodoxy.
- **Crucial AO2 Evaluation / Comparison (*Murshid* vs *Shi'i Imam* vs *Sunni Caliph/Scholar*):**
  - **Strengths:** Provides warm personal mentorship, emotional healing, community brotherhood, and living inner piety (*ihsan*) beyond dry legal rules.
  - **Criticisms & Contrasts:** Unlike a **Shi'i Imam** (who is divinely appointed by bloodline and **infallible *ma'sum*** for ALL Muslims), a **Sufi *murshid* is fallible, voluntary, and limited strictly to one *tariqa***; **Salafi & modernist critics** warn blind obedience (*"like a corpse in the hands of the washer"*) risks cultic exploitation, charlatans, and unlawful mediation between believer and Allah (**Q 1:5**: *"You alone we worship, You alone we ask for help"*).

6.2 Position of Sunni Caliph vs Infallible Shi'i Imam — 4 Years Overdue (O/N 2022)!

Dimension	Sunni Caliph (Khalifah) / Sunni Mosque Imam	Twelver Shi'i Imam (Imamah)
Source of Appointment	Human selection / community consultation (shura / bay'ah) on merit, piety, knowledge, leadership (Sunni prayer imam chosen for best Qur'an recitation & character — Muslim Hadith).	Exclusive Divine Designation (Nass) through the Prophet's bloodline ('Ali & Fatimah -> Hasan -> Husayn -> 12th Imam al-Mahdi).
Infallibility ('Ismah)	Fallible human leader! Even Abu Bakr declared in his inaugural speech: "If I do well, help me; if I err, correct me! Obey me only so long as I obey Allah and His Messenger."	Completely Infallible & Sinless (Ma'sum)! Preserved by Allah from all sin, forgetfulness, and error so divine revelation can never be distorted after prophethood ended!
Scope of Authority	Political/temporal guardian defending borders, administering courts, collecting zakat, upholding existing shariah—NOT a source of new religious doctrine!	Both supreme spiritual AND legal authority: custodian of esoteric/inner knowledge (batin) of the Qur'an whose sayings carry authoritative Sunnah weight!
Status Today	Caliphate ended formally in 1924; religious authority today rests decentralized across trained 'Ulama, Muftis, & Fiqh Councils.	12th Imam (Muhammad al-Mahdi) entered Major Occultation (Ghaybah Kubra) in 941 CE; Senior Grand Ayatollahs (Maraji' al-Taqlid) deputise for him until his return!

6.3 Individual Interpretation (Ijtihad) — Does Everyone Need a Leader?

- **Pro-Scholar Guidance (**Taqlid**):** Ordinary lay Muslims lack mastery of classical Arabic grammar, abrogating/abrogated verses (*nasikh/mansukh*), thousands of Hadiths, and *usul al-fiqh*; **Qur'an 16:43**: *"Ask the people of knowledge if you do not know"* — unsupervised DIY internet interpretation breeds chaos AND extremism!
- **Pro-Individual Engagement (**Ijtihad**):** Islam has **no sacrament-holding priesthood** between human soul and God; the *Qur'an* repeatedly urges every believer to **ponder and reflect (**Q 47:24**,** Q 38:29**)**; **modernists & Salafis** encourage educated believers to read primary texts directly rather than blindly following fallible humans.

PRIORITY 7 (SECTION B): UNIT 2.6 — ONENESS OF GOD (TAWHID) & THE QUR'AN

7.1 Anthropomorphic References to God & Authority of the Qur'an — 5 FULL YEARS OVERDUE (O/N 2021)!

- **What Is the Issue?** The *Qur'an* declares absolute divine transcendence—**"There is nothing whatever like unto Him, and He is the All-Hearing, All-Seeing" (**Qur'an 42:11**)** and **"Nor is there to Him any equivalent" (**Qur'an 112:4**)**—yet ALSO contains vivid verses referring to:
  1. **God's Face (*Wajh*):** *"And there will remain the Face of your Lord, Owner of Majesty and Honour"* (**Qur'an 55:27**).
  2. **God's Hand (*Yad*):** *"The Hand of Allah is over their hands"* (**Qur'an 48:10**); *"Both His Hands are extended"* (**Qur'an 5:64** / **39:67**).
  3. **God Rising Over the Throne (*Istawa 'ala al-'Arsh*):** *"The Most Merciful established Himself above the Throne"* (**Qur'an 20:5**, **57:4**).
  4. **God's Eyes (*A'yun*):** *"Sailing under Our Eyes"* (**Qur'an 54:14**).
- **THREE DISTINCTIVE SCHOOLS OF INTERPRETATION (Memorise All 3 = Automatic** 10/10 **+** 15/15**!):**
  1. **Metaphorical / Rationalist (*Mu'tazilah*, Shi'i *Kalam*, & Modernist Thinkers):** Since God has NO physical body, parts, or spatial location (**Q 42:11**), these expressions are **pure Arabic metaphors (*majaz*)**: **Hand** = *divine power, authority, or generosity*; **Face** = *God's eternal Essence itself*; **Throne** = *supreme sovereignty over the cosmos*; **Eyes** = *protective care and omniscience*. Taking them literally would commit physical anthropomorphism (*tashbih / tajsim*) and violate pure *Tawhid*!
  2. **Orthodox Sunni *Bila Kayf* Synthesis (*Imam Malik*, *Abu al-Hasan al-Ash'ari*, *al-Maturidi*):** Neither strip the verse away into mere human figure of speech NOR imagine any physical body part! Affirm the real divine attribute ***"bila kayf"*** (**"without asking how"**). As **Imam Malik** famously answered regarding **Q 20:5**: *"The rising (*istiwa*) is known, the 'how' (*kayf*) is incomprehensible, believing in it is obligatory, and asking about 'how' is an innovation (*bid'ah*)!"* Later **Ash'aris** (*al-Ghazali, Fakhr al-Din al-Razi*) also permitted reverent metaphorical *ta'wil* to shield lay minds from corporealism.
  3. **Strict Literalist / Athari-Salafi (*Ibn Hanbal*, *Ibn Taymiyyah*):** Affirm God truly possesses a real Hand, Face, and Establishment above the Throne

exactly as He described Himself, **in a manner fitting His infinite Majesty with ZERO resemblance to human limbs (**Q 42:11**)**—accusing *Mu'tazilah* metaphor of emptying revelation of real meaning (*ta'til*).

7.2 Statement of Faith (Shahadah) & Position of 'Ali — 4.5 Years Overdue (M/J 2022)!

- **Core Shared *Shahadah*: "Ashhadu an la ilaha illa Allah, wa ashhadu anna Muhammadan Rasul Allah"** — shared word-for-word by all Sunnis, Shi'as, Sufis, Salafis, and Modernists!
- **Why Twelver Shi'as Add** "Wa ashhadu anna 'Aliyyan Waliyullah" **(*"And I testify that 'Ali is the Friend/Vicegerent of Allah"*):** Cites **Qur'an 5:55** (*"Your Wali is only Allah, His Messenger, and those who believe—who establish prayer and give zakat while bowing"*, revealed when **'Ali** gave his ring to a beggar in prayer) and **Ghadir Khumm**. **Crucial Nuance for Level 5 Evaluation:** Leading Twelver jurists (**Shaykh Saduq, Ayatollah Sistani, Ayatollah Khamenei**) rule this third phrase is a **meritorious devotional testimony (*mustahab* symbol of *Wilayah*), NOT an obligatory part (*juz'*) of the ritual *Adhan* or *Salah***—saying it as obligatory actually invalidates the *Adhan*! Meanwhile, Sunnis revere *'Ali* deeply as *"Lion of Allah"*, gate of knowledge, cousin/son-in-law, and 4th Caliph, disagreeing only on infallible political succession.

*(Concise Safety Note on **Mawlid [w25]** & **Mansur al-Hallaj [s24]**: **Mawlid** = celebrating 12 Rabi' al-Awwal with Seerah, poetry, charity, food [praised as* bid'ah hasanah *by **al-Suyuti** & Sufis to cultivate love of the Prophet **Q 10:58**; opposed by **Ibn Taymiyyah & Salafis** as unpractised by Prophet/*Sahaba *risking Christian-style veneration]. **Mansur al-Hallaj** [executed Baghdad 922 CE] cried **"Ana al-Haqq"** ["I am the Truth"] in ecstatic mystical annihilation* fana*: orthodox jurists saw heresy/*shirk *blurring Creator-creature boundary; **Rumi & al-Ghazali** explained it as ecstatic loss of self—like glowing iron saying* "I am fire" *while remaining iron—though dangerous to utter publicly).*

PRIORITY 8 (SECTION B): UNIT 2.8 — JUDGEMENT & AFTERLIFE ('AKHIRAH)

8.1 Free Will vs Predestination (Qadar) & Adjustment to the Divine Plan — 4.5 YEARS OVERDUE & UNTESTED SUB-BULLET!

- **Four Classical & Modern Positions on *Qadar* vs Free Will:**
  1. **Extreme Predestinarians (*Jabriyyah* — rejected heresy):** Humans are blown like feathers in the wind with zero choice.

2. **Rationalist Free Will (*Mu'tazilah*):** Because God is Perfectly Just (*'Adl*), **humans are the sole authors/creators of their own free moral choices**; otherwise punishing a sinner whom God forced to sin would make God unjust!
3. **Orthodox Sunni Synthesis (*Ash'ari — Kasb*):** God possesses absolute omnipotence and foreknowledge (**Lawh al-Mahfuz**, **Qur'an 54:49**), creating every possibility, while humans possess genuine voluntary **choice and acquisition (*kasb*)** for which they are justly held accountable (**Qur'an 18:29**: *"Whoever wills let him believe, and whoever wills let him disbelieve"*).
4. **Twelver Shi'i *"Matter Between Two Matters" (*Amr bayn al-Amrayn — *Imam Ja'far al-Sadiq):*** *Neither total compulsion (*jabr*) nor total delegation (*tafwid*)—God continuously empowers human agency while leaving moral choice uncoerced.*

- **THE UNTESTED GOLDMINE SUB-BULLET — *Can the Divine Plan Be Adjusted?* (**Unit 2.8 **Bullet 4!):**
  - Classical scholars distinguish **TWO LEVELS OF DIVINE DECREE** based directly on **Qur'an 13:39** (*"Allah effaces [wipes out] or confirms whatever He pleases, and with Him is the Mother of the Book"*):
  1. **Conditional / Suspended Decree (*al-Qada al-Mu'allaq*):** Written in the angels' scrolls as conditional (*"If Fulān neglects charity, his lifespan/provision is X; if he maintains ties of kinship and makes du'a, it becomes Y"*). **THIS CAN BE ADJUSTED!**
  - **Hadith 1 [Tirmidhi]:** *"Nothing averts the Divine Decree (*qadar*) except supplication (*du'a*)."*
  - **Hadith 2 [Bukhari & Muslim]:** *"Whoever wishes that his provision be expanded and his lifespan prolonged, let him maintain ties of kinship (*silat al-rahim*)"* — plus **secret charity (*sadaqah*) wards off calamity**!
  2. **Absolute / Eternal Decree (*al-Qada al-Mubram — Umm al-Kitab / Lawh al-Mahfuz*):** Allah's timeless, all-knowing foreknowledge outside time, which **ALREADY eternally foresaw and included the person's *du'a*, charity, and the resulting change**!
  - **Killer Level 5 Evaluation Insight:** Therefore, *du'a* and moral action NEVER "surprise" God or defeat *Qadar*—**du'a is itself part of *Qadar*, wrestling with affliction like a shield meeting an arrow** (*Ibn Qayyim*)! This completely eliminates fatalistic laziness (*tawakul*), inspiring dynamic trust plus action (*"Tie your camel first, then put your trust in Allah"* — Tirmidhi)!
